the destructive path of neoliberalism an international examination of education This article lists various tornado records. The most "extreme" tornado in recorded history was the Tri-State Tornado, which spread through parts of Missouri, Illinois, and Indiana on March 18, 1925. It is considered an F5, even though tornadoes were not ranked on any scale at the time. It holds records for longest path length at 219 miles (352 km), longest duration at about 3½ hours, and ...

the destructive path of neoliberalism an international examination of education In modern English, the term cult has come to usually refer to a social group defined by its unusual religious, spiritual, or philosophical beliefs, or its common interest in a particular personality, object or goal. This sense of the term is controversial and it has divergent definitions in both popular culture and academia and it also has been an ongoing source of contention among scholars ...
